

## AWARDS NOMINATIONS

Lambda Alpha International Awards are presented on the schedule given below to honor nominees who have notably advanced the field of land economics through their achievements and service to their profession, community and chapter. Awards are presented during LAI's Annual Land Economics Gathering.

Ely Distinguished Educator Award</li> <li>• International Member of the Year Award</li> <li>• International Journalist/Author Award</li> <li>• International Skyline Award (if desired by the host Chapter)</li> </ul>

### AWARD ENTRIES

Please complete the attached form (maximum 2 pages) for each nomination for each award. In the case of the Skyline Award, you may provide additional supporting material in the form of photos or maps via email to facilitate our distribution to the Awards Committee for their review. Please send nominations and any supporting material to [lai@lai.org](mailto:lai@lai.org).

### AWARD PRESENTATION

LAI awards will be presented at LAI Land Economics Gatherings held annually each Fall. LAI will pay for travel expenses for awardees as follows:

#### Public Official Urban Affairs, Journalist/Author and Ely Distinguished Educator Awards

- Airfare (round-trip economy class) to the site of the Land Economics Gathering for the awardee and one guest (spouse, partner, friend, family member or significant other)
- One hotel room for three nights at the conference hotel
- Registration to the entire Land Economics Gathering for both awardee and spouse

#### Member of the Year and Fellow award recipients:

- Land Economics Gathering registration for the awardee and one guest (spouse, partner, friend, family member or significant other)
- No other expenses

## Skyline Awardees:

- Land Economics Gathering registration only for two persons to be selected by the awardee
- No other expenses

## CATEGORIES OF AWARDS

### **International Member of the Year Award**

This award is selected from Chapter nominations of Chapter Member of the Year honorees for the current or prior year by the International Awards Committee and will be based upon commitment to Lambda Alpha, to the nominee's profession and to land economics with respect to achievement in the private or public sectors, research or education. For chapters that do not make a Chapter Member of the Year award, the justification should make a strong case for nominating the person for this award. Awarded to LAI members only.

### **International Public Official/Urban Affairs Award**

This award is presented either to a public official who, through his or her efforts—technical, managerial or other significant effort—has made a notable contribution to improving the quality of urban life or to a person who has made outstanding contributions to urban affairs and who has advanced the frontiers of knowledge via research and/or practice.

### **International Journalism/Author Award**

This award is presented either to a journalist or an author whose efforts have contributed to a greater understanding of the principles, practices and greater awareness of land economics. The journalism award is for a sustained, exemplary contribution to a national or regional body of work. The author award is for an exemplary book length publication.

### **Richard T. Ely Distinguished Educator Award**

This award is presented to the person who has achieved excellence within the academic world in the field of land economics or one of its constituent disciplines by leadership in teaching, research or mentorship.

### **International Skyline Award**

This award will recognize a project or policy identified by the host Land Economics Gathering Chapter and vetted by the International Awards Committee. It is a discretionary award and will be presented only if the host chapter identifies a project, making their choice known to the International Awards Committee at least six weeks prior to the Land Economics Gathering. The Skyline Award is normally made to a project or policy and is usually presented to an agency, firm or institution.

## **AWARD EVALUATION CRITERIA**

The International Awards Committee will evaluate the nomination by recognizing noteworthy and commendable instances of the practical application of the principles of land economics in the preservation, development or utilization of our land resources.

Justification for nomination, cont.

Proposed Citation: (25 words if possible; we may edit for length)

In recognition of/for:
