Subject: 2016 LAI Skyline Award

Dear Ms. Krog and Mr. Gragg,

I am writing to express my appreciation for the honour that Lambda Alpha International has bestowed upon Ryerson University as a recipient of the 2016 LAI Skyline Award.

It is gratifying to know your organization shares my pride in the contributions that Ryerson has made to a more liveable, vibrant, city. An important part of our mandate is to forge ahead with new exciting projects that I believe can only extend and enhance the reasons that your association honoured us.

I am pleased that I could be there in the company of my recently-retired colleague and supervisor (and LAI member) Elisabeth Stroback to receive the award and also meet LAI members from around the world.

I hope you will stop-by Ryerson University again soon to see what's new. Until then, I wish you and your colleagues continued success with the important work you do to encourage excellence across the land-development sector.

With great appreciation,

Nic de Salaberry
Director, Planning and Development
